## Choosing the Right Van

The first step to living in a van is choosing the right vehicle. There are a few things to consider when making your decision, including:

- **Size:** How much space do you need? If you're planning on traveling with a lot of gear or pets, you'll need a larger van.
- **Type:** There are two main types of vans: Class B and Class C. Class B vans are smaller and more maneuverable, while Class C vans are larger and have more amenities.
- **Budget:** Vans can range in price from a few thousand dollars to over \$100,000. Set a budget before you start shopping so you don't overspend.

## Converting Your Van

Once you've chosen a van, you'll need to convert it into a living space. This can be a DIY project or you can hire a professional to do it for you. There are a few things you'll need to include in your conversion, such as:

- **Bed:** You'll need a comfortable place to sleep. This could be a bed built into the van or a futon or air mattress.
- **Kitchen:** You'll need a way to cook and store food. This could be a simple kitchenette with a stove and sink or a more elaborate kitchen with a refrigerator and oven.
- **Bathroom:** If you want to be able to shower and use the toilet in your van, you'll need to install a bathroom. This could be a simple wet bath with a shower and toilet or a more elaborate bathroom with a separate shower and toilet.

- **National parks:**国家公园提供各种各样的露营区，从基本露营区到带完整连接的露营区。
- **State parks:**州立公园通常比国家公园规模较小，但它们也提供各种各样的露营选择。
- **BLM土地:**美国土地管理局管理着数百万英亩的公共土地，其中一些土地对露营开放。
