## Are you overpaying for your Medicare Supplement (Medigap) premiums?

If so, you're not alone. Millions of Americans are paying more than they need to for their Medigap coverage. But there's good news: you can save thousands of dollars on your premiums by following the insider secrets revealed in our new guide, 'Save Thousands On Your Medicare Supplement Medigap'.

## What is Medigap?

Medigap is a type of private health insurance that helps pay for the out-of-pocket costs of Original Medicare. These costs can include deductibles, copays, and coinsurance. Medigap policies are sold by private insurance companies, and they vary in terms of coverage and cost.

## Why is Medigap important?

Medigap is important because it can help you protect yourself from the high costs of healthcare. Original Medicare only covers about 80% of the average healthcare costs, so you could be responsible for paying thousands of dollars out of your own pocket each year. Medigap can help fill in the gaps in Medicare coverage, so you can have peace of mind knowing that you're protected from unexpected medical expenses.

## How can I save money on my Medigap premiums?

There are a number of ways to save money on your Medigap premiums, including:

- **Shop around.** There are dozens of different Medigap policies available, so it's important to shop around to find the best coverage at the lowest cost. You can compare Medigap policies online, through insurance agents, or by calling the Medicare hotline at 1-800-MEDICARE.
- **Choose a policy with a high deductible.** Policies with higher deductibles typically have lower premiums. However, it's important to make sure that you can afford the deductible if you need to use it.
- **Consider a policy with a limited benefit period.** Policies with limited benefit periods only cover a certain number of days of care each year. However, they typically have lower premiums than policies with unlimited benefit periods.
- **Take advantage of discounts.** Many insurance companies offer discounts for seniors, veterans, and people who enroll in their policies during certain times of the year.
